The DOM for January was 151, up 18.9% from 127 days last month and down -7.9% from 164 days in January of last year. The Selling Price per Square Foot is a great indicator for the direction of Property values. Since Median Sales Price and Average Sales price can be impacted by the 'mix' of high or low end Properties in the market, the selling price per square foot is a more normalized indicator on the direction of Property values. The January 2016 Selling Price per Square Foot of \$274 was up 8.3% from \$253 last month and up 10.9% from \$247 in January of last year.
